MASON DOFFS HER CAP TO OLD LEWIS AS THE BULL COUNTY

Although Mason County Has Her Sanitary Survey, Cow Tester, Etc., Lewis Is the Leading Bull County—Tip Given Mason.

Mason county has been the leader in many things progressive but it seems that our neighboring county of Lewis is taking a lead on us in one way at least. One of our prominent business men noticing that Lewis was getting this big lead, wrote the following words of consolation to Masonians:

"Hats off to old Lewis county, as she blooms forth as the only bull tester county in the state. Shame on old Mason to let Lewis beat her out of all the bull. Just to think you can't hand any body bull unless you call the tester from Lewis county. Never mind, boys, we have the sanitary closets, which make people live forever, and never half try. By the way, I think however we should call Dr. McCormack and have him put in a lot more, I realize we are the cleanest county in the state as we were told when we had a lot of high salaried men running over the county hunting doves at the expense of the tax payers.

"We can redeem ourselves, boys, by getting busy and organizing a rooster tester for Mason. Bet the best man you can hire, never mind the salary. Get men regardless of cost, that know a rooster from his crow down to his scratcher. I would suggest that we hire about three men at a salary of twenty-four hundred a year and expenses, and when he is not looking after the chickens he can chase the pigs, and give them cough drops that they may live a hundred years.

"If we can just keep the good work up everybody will be happy, nobody will have to work, and every day will be Sunday by and by. Think it over."

WATER GETS IN BRIDGE STREET HOLE.

Sometime during Wednesday night the back waters came into the hole in Bridge street under the C. & O. bridge, the first place in the city for the high water to get on the street. Pumps are at work, however, and the East End will not be cut off from the main part of the city. The steam fire engine was used to keep the street open and proved very successful.

G. O. P. FOR HONEST GOVERNMENT, SAYS HAYS IN ADDRESS

Republican Leaders Want To See the Taxes Cut — Says Women Have Same Right as Men in Party.

Roanoke, Va., March 18. — Declaring that the Republican party stands first for "the honest, efficient, and economical business administration of the country's affairs," Will H. Hays, chairman of the Republican National Committee, in an address before the state Republican convention here, pleaded for "patriotism in peace as well as war," and asserted that the country has "slipped along under this Democratic administration, without any adequate thought of the problems that would confront us until the shock of war was here, just as we did before we entered the war."

Outlining the principal things for which his party stands, Mr. Hays said: "I suggest that above all things the Republican party stands first for honest, efficient, and economical business administration of the country's affairs. It was formerly said that 'Honesty is the best policy' as a matter of business. Honesty is the best policy as a matter of morals. In like manner there is but one kind of successful politics, of faithful, efficient, honest, and economical administration. The only successful politics in the situation today is to find out what is best for the country and do it first. We want more men in politics for what they can give and not what they can get.

"I suggest the Republican party stands for the development and execution of a plan for the reduction of taxes, with the repeal of taxes which kill initiative, and the spreading of war debt over a large number of years. "I believe there shall be developed a better relation between labor and capital, with justice to both and with justice to the public the third side of the triangle, which must not be forgotten.

"We feel that there shall be an administration of law and order everywhere in the nation.

"The party shall measure its steps forward by the new needs of the nation with eyes always ahead, but with its feet always on solid ground."

Asserting that there are two natural inquiries form women now in politics, "What does the Republican party offer the women?" and "What does the Republican party stand for?" Mr. Hays declared:

"The Republican party offers the women everything we offer the men.

"The only just rule for a political party," he added, "is that the rights of participation in the management of the party's affairs must be and remain equally sacred and sacredly equal. The Republican women in the country constitute one-half of the party's membership. In many states this has long been so. In the presidential campaign of 1920 it is my very earnest hope and well-founded judgment that it shall be so everywhere.

"There is to be no separate women's organization created within the party, except, and only in those cases where such an arrangement may be needed temporarily as an efficient aid in the complete amalgamation which is our objective.

"To the women and to men alike the party offers the right of a political self-determination, and that is the answer to the second query, 'What does the party stand for?'"

BIG WHISKY THEFT AT LEXINGTON LAST NIGHT

Watchman at Towers Distillery Gagged While Thieves Get Away With Much Liquor.

All the roads leading from Lexington, Ky., to Cincinnati were being watched Thursday by the authorities of the towns lying between the two cities, as the result of a whisky theft from a distillery in Lexington. The request for the Cincinnati department to be on the lookout for the thieves was made over the telephone from Lexington. Wednesday night ten men entered the Towers distillery in that city and bound and gagged the watchman, after which they carried out 94 cases of whisky, valued at \$28,000, loaded the liquor on an auto truck and a touring car and drove away in the direction of Cincinnati. After the watchman had freed himself he gave the alarm and the search for the thieves was started.

MOTHER OF MAYSICK MAN DIES.

Mrs. Audie Clarke Brooks, widow of Thomas E. O. Brooks, formerly of Covington, Ky., died Tuesday, at 9 a. m., at residence of her daughter, Mrs. Bessie Kerr Parker, at Lexington. Warner, of Baltimore; Mrs. Bessie Kerr Parker, of Lexington, and one son, Mr. Gus. A. Brooks, of Mayslick.

RIVER WILL BEGIN FALLING HERE TONIGHT.

STATE BOARD WILL DIRECT ATTENTION TO LOCAL WATER

Adjournment Will Give State Health Officials Opportunity To Direct Their Personal Attention To Maysville Water.

That the State Board of Health really intends to make an effort to do something in the Maysville water problem, is news brought back from Frankfort by local people who were there this week and who talked with Dr. McCormack, Secretary of the State Board of Health, in regard to the matter.

County Judge Purnell and Commissioner Glascock met Dr. McCormack in Frankfort Tuesday and the head of the State Health Board talked to them at length about the local water situation. He explained to them in confidence just what steps he contemplated taking in solving the local water problem and said that it was the purpose of the State Health Board to devote their attention to the solving of the water question all over the state in the immediate future. Dr. McCormack assured the county officials, that it was the intention of the State Health Board to get busy on the Maysville problem just as soon as the General Assembly adjourned. They do not care to make public at this time just what will be their manner of bringing about the solution of the question but Dr. McCormack stated openly that the Maysville water question would be solved, if it became necessary for the Health Board to devote all of its attention to

UNIVERSITY GLEE CLUB COMING FOR CONCERT

Kentucky University Glee Club Will Give Series of Concerts In This District This Week.

County Agent George Kirk was advised Wednesday evening that the Kentucky University Glee Club, which is now touring the state of Kentucky, would be in this section of the state the latter part of the week for a series of concerts. This club is in charge of Prof. Lampert, head of the School of Music of the Kentucky University and there will also be several musical instruments and artists. Several violin solos will be played and from reports of the club in other cities of the state, it is certain that they will give a very delightful entertainment.

The club arrives in Maysville on Friday afternoon and at 2 o'clock will give their concert here. At 8 o'clock Friday evening they will give a concert at Toleboro. On Saturday afternoon at 2 o'clock they will give a concert at the Mayslick High School auditorium and on Saturday evening at 8 o'clock at the Minerva High School.

The place of holding the Maysville concert has not yet been announced but the public will be advised of the place for the concert by Friday.

It and if it became necessary for him to come personally to Maysville and stay here until the city did have first-class water for domestic use.

The General Assembly adjourned Wednesday and it is expected that the State Health Board will play their next card in the local game within a few days.

VON KAPP REPORT-ED TO HAVE TAKEN HIS OWN LIFE

German Revolt Collapses Says Ber Report — Noske Arrives In Airplane.

London, March 18. — Rumors are current in Berlin that Dr. Wolfgang Kapp, who was head of the reactionary government set up in Berlin, last Saturday, and who resigned, yesterday, has committed suicide, according to a despatch to the Exchange Telegraph company from Amsterdam. The reports were received by telephone in Amsterdam from Berlin.

A dispatch from Coblenz says that Gustave Noske, minister of defense in the Ebert cabinet, arrived in Berlin airplane, late yesterday, having made the trip from Stuttgart. General Zecht, chief of staff for the provisional government, has replaced era! Von Luettwitz as commander at Berlin, according to advices.

The danger from Bolshevism seems to be extreme. The Kappist troops are withdrawing from Berlin and forces commanded by Spartacan leaders are expected to attack the city at any time. A consolidation of all parties to fight Bolshevism has been formed, only the Independent Socialists not being included. Elections will be held not later than June, according to latest dispatches from Stuttgart.

AT IS
"SPRING
FEVER?"

Be Fair With Yourself. "Spring Fever"
Is Not Just Mental Contrariness

LOOK TO YOUR BLOOD

Take Pepto-Mangan, That Famous
Blood Tonic. Sold in Both Liquid
and Tablet Form.

Feel fit this Spring. Feel as fine as
weather. Don't drowse and lose
your work, lose valuable time, or
yourself for a condition that
any people is as inevitable as
spring itself.

Remember how in the old days they
took sulphur and molasses? That was
to clear up the blood. For in the
Spring the blood is likely to be slug-
gish, weak, and clogged with poisons.
It needs help.

Why be handicapped unnecessarily?
Why not be vigorous and red-blooded,
full of "pep" and enthusiasm?

Pepto-Mangan is a blood tonic—a
blood builder and purifier—that has
become a standard in the past thirty
years. Prescribed by physicians when
people are run down and anemic.

Give the children Pepto-Mangan.
They, perhaps, need it the most. To
regard their health, and because
spring days are important ones in the
school year. "Spring Fever," remem-
ber, is real, not fancied, and is usually
due to sluggish, impure blood.

Your druggist has Pepto-Mangan in
both liquid and tablet form, just as
preferred. Equally Effective. Make
sure you get genuine Pepto-Mangan.
Ask for "Gude's" and look for the full
name, "Gude's Pepto-Mangan," on the
package.—Advertisement.

will find money in the bank to pay all
expenses. Put my black dress on me

Rio De Janeiro. — A campaign

One bishop recently advised his

SURGEONS SCOFF AT OPERATIONS TO REDUCE FAT.

Philadelphia, Pa.—Philadelphia sur-

tions on fat men to reduce their
weight. "Operations for the removal
of fat," a prominent physician said,
"are not practical. Wherever fat is
removed scar tissue forms. When this
occurs the skin refuses to function."

"Persons excessively fat have the
fatty tissue all over their bodies. To
do any appreciable good in reducing
weight it would be necessary to opera-
te extensively. Thus a wide area of
scar tissue would form."

**Which Bridge
should a woman choose?**

The Weak or the Strong One

If you see before you a strong and safe bridge leading to
your goal, would you ignore it and choose some insecure and
trottering structure?

If you were offered sure aid in time of trouble would you
hesitate to accept it?

The answer is simple—you would choose what all evidence
showed to be the safe way—and you would risk nothing in
useless experiments.

Why then do some women risk one of their most pre-
cious possessions—their health—in trying medicines of
unknown value, when everybody knows that the most
successful remedy for woman's ills is Lydia E. Pinkham's
Vegetable Compound. Here is more proof:

Reading, Pa.—"I had organic in-
flammation, pains in the side and
back which were so sharp that they
pulled me to my knees, and I could
not walk. I had an operation and
still I failed, and in the eight years
I suffered I had four doctors and none
helped me. My mother-in-law ad-
vised me to take Lydia E. Pinkham's
Vegetable Compound. I was then
in bed, and after the first bottle I
could be out of bed, then I took Vege-
table Compound Tablets and Lydia
E. Pinkham's Blood Medicine and
also used the Sanative Wash. I still
take the medicine and am able now
to do my own housework. My friends
say, 'My! but you look well—what
do you do?' Who is your doctor?"
and there is only one answer, Lydia
E. Pinkham's medicines."—Mrs.

TELEPHONE RATES INCREASED IN FLEMING.

Flemingsburg, Ky., March 17.—The
result of damage to telephone lines in
this county during the heavy sleet in
January has just been made known to
the public in a statement in which the
telephone company sets forth that it
will be necessary to make a raise of \$2
a year for telephone service to resi-
dences in town and a raise of \$4 a year
for country residences. The statement
announces the possibility of having to
discontinue service to the country for
a longer distance than three miles if
the new rates are not adequate for
maintaining the plant. Up to this time
the only long distance connection that
has been reestablished is the line to
Maysville. Most of the country lines in
the county are still down.

SENIOR CLASS MAKES ITS MARK AT HIGH.

Anxious to leave its mark, as all
Senior classes have done, the class of
'20 sometime last night, through some
of its members, painted the numbers
'20 near the top of the fire escape at
the High School building and also on
one of the chimneys of the building.

BOARD OF EQUALIZATION COMPLETES ITS WORK.

The Mason County Board of Equal-
ization completed this afternoon its
work of equalizing the taxes of the
county. By a re-adjustment the board
was enabled to increase the county's
assessment on town lots \$325,000 as
requested by the State Tax Commission
without a flat increase on all town
lots. The board will meet again on
Monday to hear complaints of those
whose assessments have been increased.
